in Jaime Rubio 📖 Jaime Rubio/GoodReads

Dedicated and enthusiastic, I hold a Bachelor's degree in Air Transport Operations and Management. As a Research Assistant on the CRITERIA project, I specialized in data analysis using Python. Currently pursuing a Master of Business Analytics at Queen's University Belfast, I am further honing my skills in data management, statistics, and machine learning.

Highly motivated to acquire new skills, with effective communication, and an entrepreneurial approach. I am committed to contributing to data-driven solutions and advancing my career in aviation analytics.

WORK EXPERIENCE

Research Assistant
ETSIAE   09/2022 - 03/2023

Selected to participate in the CRITERIA project, aiming to establish mathematical models from human factors perspective of air traffic controllers, with a primary focus on data analysis using Python. Libraries such as Pandas TensorFlow, and Numpy.

Math and physics teacher
Acronyms Academy S.L.   09/2019 - 02/2023

Employed for 4 years in an academy helping high school students with physics and mathematics. Managing groups of 10 students and acquiring communication and leadership skills.

Founder
Textil Impresiones S.L. 09/2019 - 09/2022

Founded and operated a startup specializing in brand image creation for small businesses, artists, and podcasters, acquiring a diverse skill set during that entrepreneurial journey.
